Re: Level 3 Dust Mite Proof Encasing

Dear John Smith,

According to the schedule for your allergy management, it is approaching the time when your product is reaching the end of its lifecycle or expiry, and should be renewed. It is very important to maintain continuous treatment. To ensure that there is no break in treatment, we recommend that you reorder at this time. To do so, simply fax this renewal to 905-763-7120, call Allergy Canada Ltd at 905-763-6642, or email us at orders@allergycanada.com.

The order will not be processed and the product will not be shipped until payment is received.

The amount due is: \$ 111.50.

Payment can be made by Visa, Mastercard or Money Order. Please fax, email or call us on our secure line or send your money order or credit card information to the address above.

For credit card payments please complete:

<i>CREDIT CARD TYPE</i>	<i>NAME ON CARD</i>	<i>SIGNATURE</i>
<input type="checkbox"/> Visa		
<input type="checkbox"/> Mastercard		
<i>Credit Card Number</i>		<i>Expiry Date</i> /

Your items will be delivered to the address that we have on file for you upon receipt of payment. If there is a change in address please notify us immediately.

Thank you for the opportunity to provide you the best allergy treatment products in Canada to treat your allergy.

Sincerely,

Customer Service Department

Allergy Management Program

Allergy Canada has recently launched our Rx Prescription for Allergy Management program to enhance communication between the Allergist and their Patient in the effort to treat and remedy their condition. We understand and appreciate that Physician care extends beyond the examining room.

What will it do:

This program will provide to you on a quarterly basis, detailed information of all products purchased from Allergy Canada by your patient. This feedback will enable you to be aware of what steps your patient has taken to treat their condition, and enable you to follow up on their progress at their next visit to your office.

How it works:

The form outlines areas of allergy management for the patient. The reverse has specified product descriptions that can be utilized directly and within their environment, in order to help control or alleviate their condition.

You simply check off the appropriate box(es) on the form, date and initial. Your Physician's name stamp identifies you as the issuer. The Patient, whether online, or by phone, is asked for the 'Referring Doctor', which is then entered into our system.

Allergy Management Products:

Allergy Canada's products cover a wide range of allergy management. From allergy vaccines to dust mite, pet, and mould allergies. From eczema and atopic dermatitis, to asthma relief and emergency epinephrine injections.

Please visit our website to view the complete line of products. We will be following up with you to discuss this program in more detail. Please feel free to contact us, should you have any questions.

Sincerely,
Allergy Canada Ltd.
