## Perceived Deficits Questionnaire – Depression (PDQ-D5)

The following questions describe problems people may have with their memory, attention or concentration. Please select the best response based on your experiences during the past 7 days.<sup>a</sup>

During the past 7 days, how often did you		Never in the past 7 days <sup>c</sup>	Rarely (once or twice) <sup>c</sup>	Sometimes (3 to 5 times) <sup>c</sup>	Often (about once a day) <sup>c</sup>	Very often (more than once a day) <sup>c</sup>
4.	Have trouble getting things organized?					
9.	Have trouble concentrating on what you were reading? <sup>e</sup>					
11.	Forget the date unless you looked it up?					
14.	Forget what you talked about after a telephone conversation?					
16.	Feel like your mind went totally blank?	0				

Only Item 9 was modified in the PDQ-D.

<sup>&</sup>lt;sup>a</sup> The PDQ instructions reference "cognitive function" rather than "experiences" and a reference period of "the past 4 weeks" rather than "the past 7 days".

<sup>&</sup>lt;sup>b</sup> The PDQ reference period is "the past 4 weeks" rather than "the past 7 days".

<sup>&</sup>lt;sup>c</sup> The PDQ response options include, "Never," "Rarely," "Sometimes," "Often," and "Almost Always".

 $<sup>^{\</sup>rm e}$  PDQ Item 9 reads "Have trouble concentrating on things like watching a television program or reading a book?"
